Dear FOLAW neighbors and supporters,

On behalf of the members and the Board of the Friends of Los Alamitos Watershed (FOLAW), we sincerely thank you for your generous support and donations for our First Annual FOLAW Auction and dinner.

Your contributions have helped us reach our goal of promoting community awareness of creek restoration and protection surrounding the township of New Almaden. As our organization grows, we will be able to use your funds to educate the community on future watershed issues.

Also, your gift will allow us to expand our outreach watershed education demonstrations program to meet our vision statement to support the Los Alamitos Watershed community and/or public agency creek protection and restoration projects where they are most significant for the total community benefit.

At the present time, we are proud of our accomplishments and growing outreach programs that involve local residents, Boy and Girl Scout Creek Interpretive programs, school outreach programs, National River Clean-up, and Coastal Clean-up events that we have done over the last year.

Most importantly, your gift will assist us financially in paying corporate filing expenses incurred becoming a non-profit 501(3) (c) organization.

Our board members and volunteers are looking forward to future community forums and programs discussing important current watershed issues. All of these forums will be held at the New Almaden Community Club for you, our residents and the general public.

Our goal to keep you informed of the current watershed issues affecting the Los Alamitos Watershed.

Again, thank you for your support,

Mike Boulland
President
